STREET DIRECTORY.

The Strect Directory gives the location of each street, and shows what other streets or places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know on what part of Main street No. 620 is: turn to Main street, and you find that Austin street runs from 600 right side, and Chandler street from 648, showing that No. 620 comes on the right side of Main street between Austin and Chandler.

Or, suppose that, going up Main strcet, you wish to take a cross street so as to call at 65 Woodland street; on examination (see Woodland) you find that 61 Woodland is at the corner of Norwood street; so by passing from Main street through Norwood street to Woodland, you are near the desired number, 65.

Dashes are substituted for numbers on streets that are not fully numbered.

In Worcester, as in all cities, street numbers usually begin at that end of a street which is nearest the centre of the city.

ABBREVIATIONS.—Av. avenue; ct. court; e. east; fr. from; nr. near; n. north; pl. place; s. south; sq. square; w. west; Wd. ward.

FIRE INSURANCE COMPANY,

WORCESTER, MASS.

THE "OLDEST" MASSACHUSETTS MUTUAL. INCORPORATED 1823.

Dividends returned to Policy Holders: Now Returning 60 per cent. dividend on Five-Year Expiring Policies, 40 per cent. dividend on Three-Year Expiring Policies, 20 per cent. dividend on One-Year Expiring Policies.

It is a gratifying fact that for eighty years successive generations have insured their property in the "OLD" WORCESTER.

Long records of continuous patronage mean much, both as to the past and to the future. It is so with a business house—it is so with an insurance company.

It indicates good service and solid indemnity.

The "WORCESTER MUTUAL" offers the same excellent qualities to the insuring public to-day.

Ask your Agent or Broker to secure for you a "Worcester Mutual" policy—or apply directly at the Office.

THE WORCESTER EVENING POST.

The Post is an independent newspaper. It is bright, breezy and newsy. It is read by all classes of the community. It has more than double the circulation of any evening newspaper published in central Massachusetts. Within the corporate limits of the city of Worcester, it has the largest circulation of any newspaper. Advertisers, therefore, get better returns from it than any other local paper.

The advertising rates of The Post in proportion to circulation are lower than those of any paper published in this section of Massachusetts.

YOUR MESSAGE to the public is intended to increase your custom. You therefore desire to make as good an impression as possible and you study carefully the words you shall use and the form in which you shall make your appeal, with such reasons and arguments as may seem to you fit and proper. Having arranged these matters to your satisfaction, the next procedure is having the printing done in such manner as to sustain the force of your argument and suitable to the wares you offer. In meeting all these requirements of the designer and printer we particularly excel; in substantiation of which we are prepared to submit to all interested, examples of our creations that are as beautiful as they are convincing.
